

Designing your T-Shirt

Thank you for choosing Making Impressions Screen Printing! By teaming up with us, you will be providing meaningful job opportunities to young people in the Back of the Yards neighborhood. Please read through this guide before filling out the Order Form. If you still have questions, please reach out to us at makingimpressions@pbmr.org or by calling us at 773-917-7861.

Section 1: Artwork

- *Artwork format:* Artwork must be in either a vector file format (.ai, .cdr, .psd) or a high resolution (300 dpi) image. If you don't have the artwork in this format we can help by converting simple designs and logos at no cost. If you require more complex work, like a new logo, original artwork, or converting an intricate design, we can connect you to a local graphic designer.
- *Color:* Artwork can be printed in up to 4 colors. As a rule of thumb, avoid very light-colored inks on light-colored garments. Same goes for dark-colored inks with dark colored garments.
- *Placement:* Choose the placement of the artwork on the garment. Available options are front (A), left breastplate (B), and back (C). Contact us for a quote on sleeve prints.

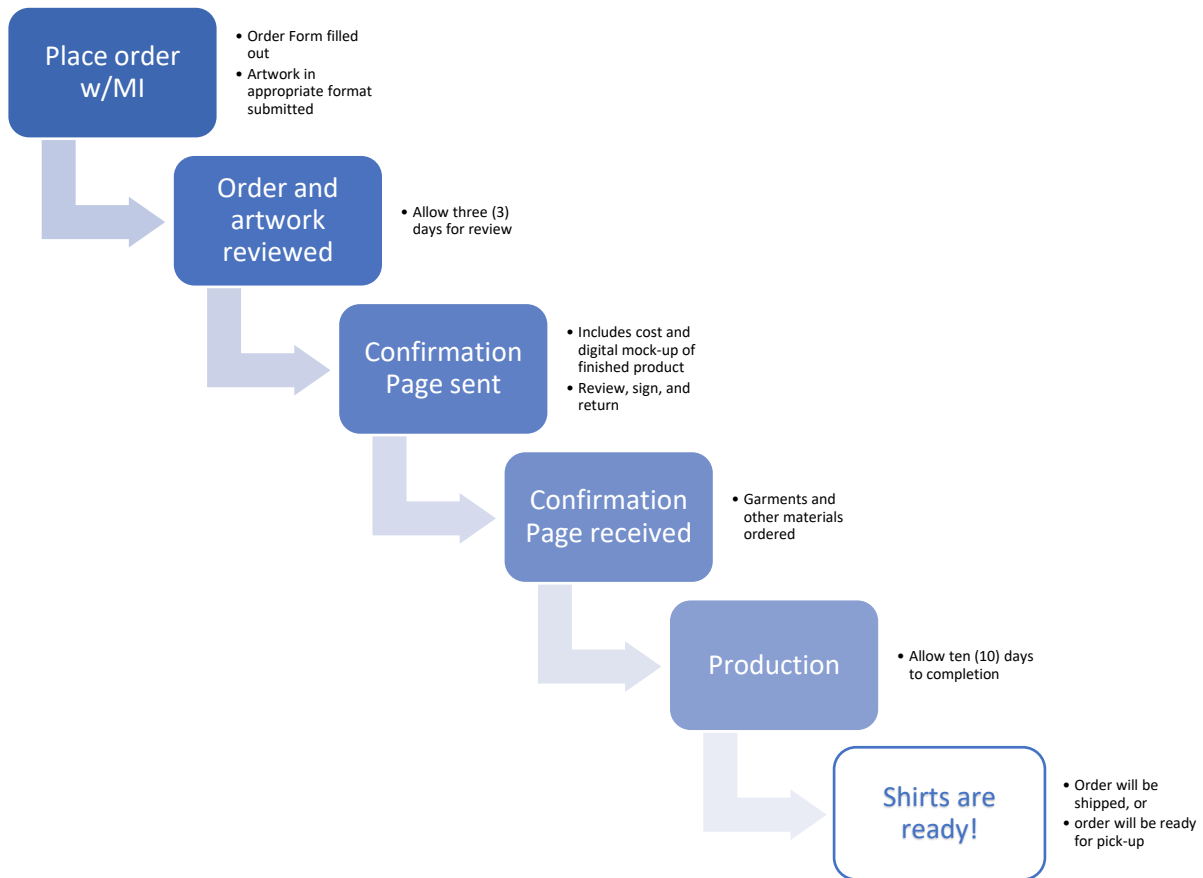

- *Size:* Choose the size of the artwork. Front and back placement maximums are 14" high and 11" wide. We recommend breastplates to be less than 4" wide.

Section 2: Garment

- *Garment type and color:* See our Color Guide for color options on the Gildan Heavy Cotton shirts. We have other garments, including hoodies, tote bags, and fair-trade options. Contact us directly for a quote on these options. Garments need to be over 40% cotton to be screen printed.
- *Customer-provided garments:* Customers can provide their own garments, but print quality cannot be guaranteed.

Order-to-Completion Process

After we receive your artwork and the Order Form, we will review the order to make sure there are no issues. We will send you a Confirmation Page with all the details, including a mockup of the finished product. Once we have received the signed Confirmation Page, we will order your shirts and begin the production process! **Allow at least 10 days from the date the Confirmation Page is sent to us before your order is ready.**
